# The Academic year 2025-2026

---

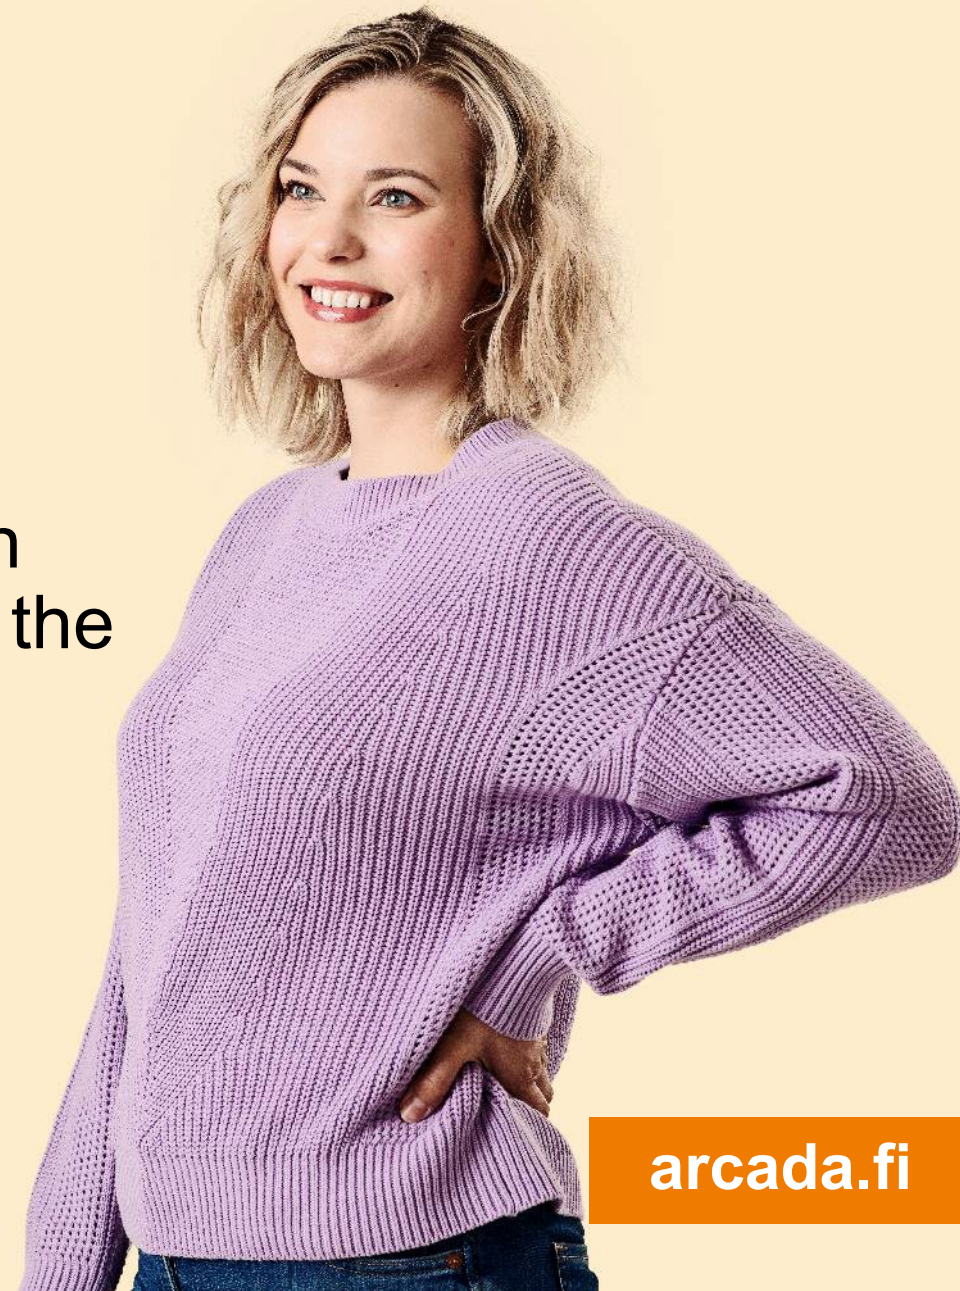

- The academic year starts officially on 1 August 2025 and ends on 31 July 2026.
- Period 1: 1 August–26 October 2025  
Period 2: 27 October–31 December 2025
- Winter break: 20 December 2025–6 January 2026 (no tuition)
- Period 3: 1 January–22 March 2026  
Period 4: 23 March–31 July 2026  
(regular tuition ends on 29 May 2026 at the latest)

# Study Plan = Curriculum

It is very important to familiarise yourself with the curriculum in order to get an overview of the degree that you are about to complete.

# Where do I find my study plan?

- In the study guide **START** – [start.arcada.fi](https://start.arcada.fi)
  - [Study Plan](#)
  - [Structure of the studies](#)
- In the student information system **[SISU](https://sisu.arcada.fi)** – [sisu.arcada.fi](https://sisu.arcada.fi)
  - The study plan has to be created
    - “Structure of studies”

# **Structure of studies**

---

- **General education studies:** 15 cr
- **Professional studies:** 165 cr
  - Foundation studies: 75 cr
  - Advanced studies: 60 cr
  - Practical training: 30 cr
- **Development studies:** 30 cr
- **Research studies:** 30 cr
  - Thesis and Research Methods: 15 cr + 15 cr

## Fee-paying students

It is important to be aware of the scholarship requirements in the beginning of your studies.

# Studying at an UAS

- A wide range of teaching and learning methods are utilised.
- The amount of contact teaching is less than within upper secondary education.
- 30 cr of compulsory practical training is included.
  - Students are responsible for finding the placement themselves.

# Independent studies

- Independent learning is instrumental to student success within higher education.
- Students are expected to take responsibility for their learning and for their studies in general.
- Arcada offers help along the way. There are several support services available → [Study support](#).

# Descriptions of courses

- Teacher
- Competences, learning outcomes, content of the course
- Recommended or required reading
- Study activities
- Assessment methods and requirements
- Course specific questions?
  - Contact the teacher

# Assessment and examinations

---

- Assessment requirements and forms of examination are stated in the description of the course.
- Example of examination methods
  - exams
  - essays
  - assignments
  - reports
  - demonstrations or presentations
  - group work
- An approved study attainment is assessed with the grades:
  - excellent (5), very good (4), good (3), satisfactory (2), sufficient (1)
  - in specific cases, with the grade “passed”.

# Mandatory presence?

---

The introduction lecture for a course is sometimes compulsory. If you are not able to be present during that lecture, please inform the teacher about the matter in advance (only valid reasons are accepted). The absence may be compensated with an e.g. obligatory pre-assignment. Moreover, you are not entitled to extra support due to your absence. If you do not participate in the following lectures or submit the prospective pre-assignment the teacher has the right to cancel your enrollment.

It is always recommended to participate in the introduction lecture even though it is not compulsory. During this lecture you will receive important information about the course (setup, grading etc.).

# Well-being Checklist for Students

- Maintain regular meals
- Ensure sufficient sleep
- Engage in physical activity
- Take breaks during study sessions
- Establish a daily routine that supports your studies
- Dedicate time to hobbies or leisure activities that bring you joy
- Consider joining a student organization or community to build connections
- Make the most of the daylight during the Finnish winter—spend time outdoors to support your mood and energy.

# Application for accreditation or validation

- Students may apply for accreditation or validation of:
  - Studies carried out at another Higher Education Institution
  - Relevant work experience
  - Knowledge gained informally through work experience
- Only competences that are relevant to the degree can be accredited.
- Read through the information about accreditation on [start.arcada.fi](http://start.arcada.fi)  
“My studies - Accreditation of Study Attainments or Validation of Competences”
- You apply by filling in the application form online
- Always contact your study counsellor by email if you are planning to apply for accreditation of courses completed at another university or UAS

# When to contact your Study Counsellor

- If you have study related questions that include planning of studies at Arcada
  - If you want to study in a faster pace and need an individual study plan
    - 3 years instead of 3,5 years
  - If you have fallen behind in your studies and need an individual study plan
  - Questions related to accreditation of previously gained degrees at a university level
  - You are planning to apply for students exchange
