

ARCADA UNIVERSITY OF APPLIED SCIENCES

Study counsellors' session

Mechanical and Sustainable Engineering

Sofie Sundström
Study Counsellor

Laurits Møller
International Student Advisor

Information about the degree

- **Name of degree:** Bachelor of Engineering / Ingenjör (YH)
- **Scope:** 240cr (1cr $\approx$ 27 hours). One study unit normally 5cr. (Study unit = course)
- **Duration:** 4 years
- **Expected study pace:**
 - one period: 15 cr
 - one semester: 30 cr
 - one academic year: 60 cr

Academic Year 2026-2027

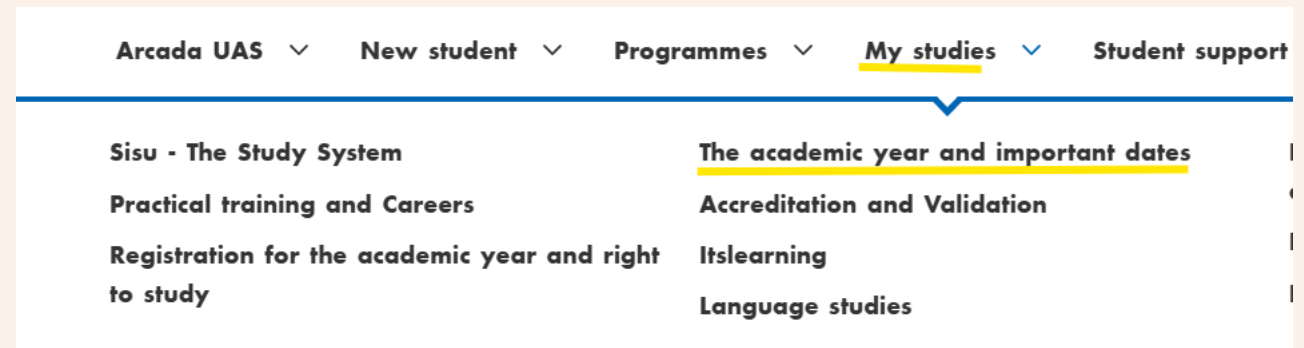

The academic year starts officially on August 1st 2026 and ends on July 31st 2027.

Period 1: 1.8–25.10.2026

Period 2: 26.10–31.12.2026

Period 3: 1.1–21.3.2027

Period 4: 23.3–31.7.2027

During the time 19.12.2026–6.1.2027 there are no tuition arranged at Arcada.

Check national public holidays celebrated in Finland on [Start](#)

Study plan

It is very important to familiarize yourself with the curriculum, in order to get an overview of the degree that you are about to complete.

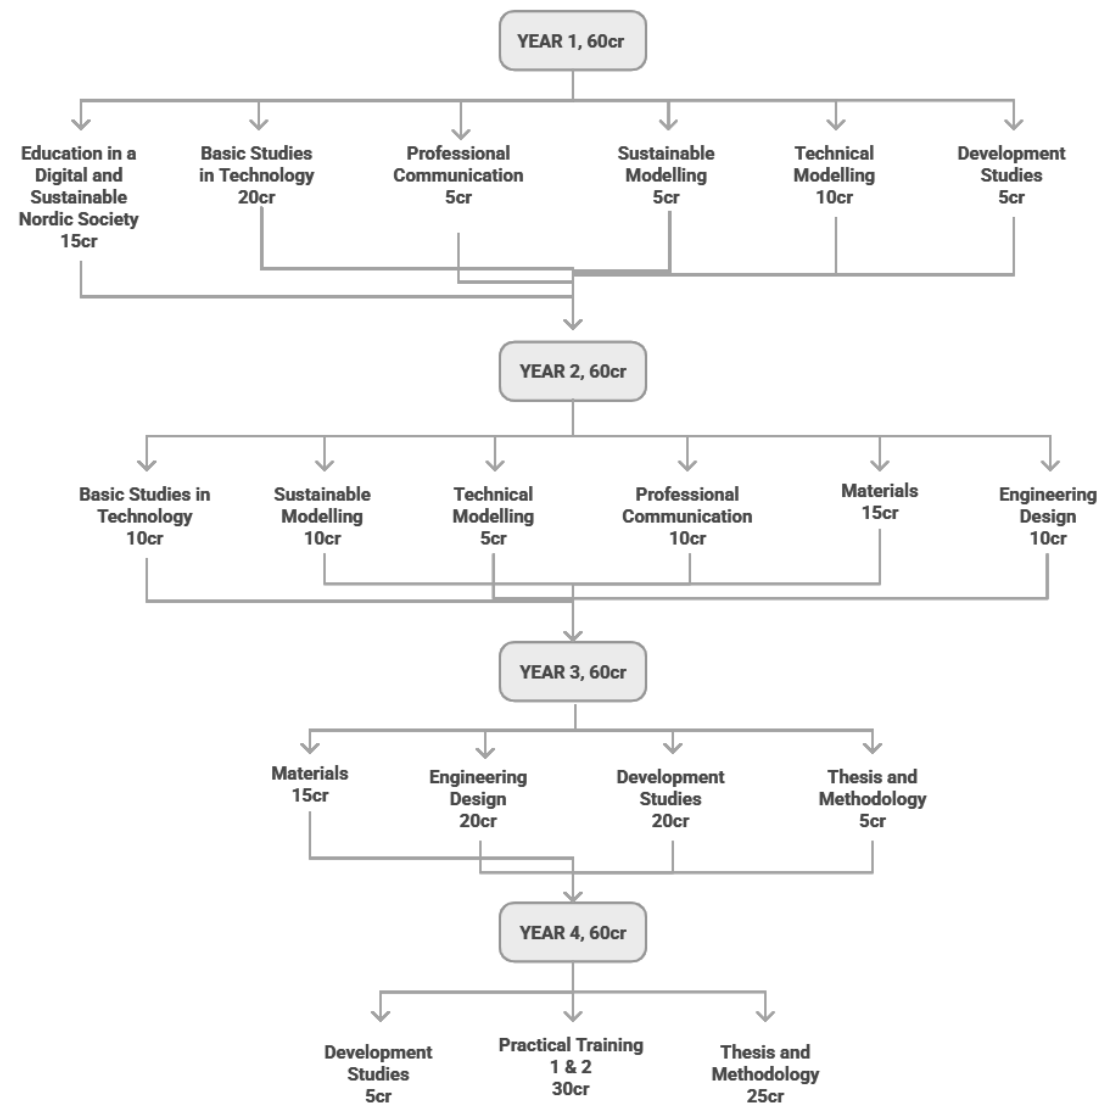

- In the study guide **START** – start.arcada.fi
 - [Study plan](#)
 - [Structure of the studies](#)
 - A list including all courses is found as an PDF file at the bottom of the Start page for the study plan
- In the student information system **SISU** – sisu.arcada.fi
 - The study plan has to be created
 - “Structure of studies”

Structure of studies

- **General education studies:** 15 cr
- **Professional studies:** 135 cr
 - Basic studies: 30 cr
 - Professional communication: 15 cr
 - Sustainable modelling: 15 cr
 - Technical modelling: 15 cr
 - Materials: 30 cr
 - Engineering Design: 30 cr
- **Practical Training:** 30 cr
- **Development studies:** 30 cr
- **Research studies:** 30 cr
 - Research Methods: 15 cr
 - Thesis: 15 cr

Structure of Studies MSE26 240cr

Studying at an UAS

- Versatile teaching and learning methods are applied.
- Fewer contact teaching lessons compared to upper secondary education.
- Students are expected to take responsibility for their own learning. ([Support is available for studies](#))
- The studies include a compulsory internship of 30 credits (ECTS). Students are responsible for finding their own internship placement.

What to do when I need help / have a question?

1. Go to Arcada's study guide START;

- <https://start.arcada.fi/en>
- Navigate between different options from the Menu
- Use the Search function if you can not find what you are looking for from the Menu

1. Continuation of START

What does the different topics in the Menu contain?

Arcada UAS	New student	Programmes	My studies	Student support	Tools and Services
News	Before arriving in Finland	Information Technology	Sisu - The Study System	Library, information retrieval and course books	Sisu - student information system
Contact details	After arriving in Finland	International Business	Practical training and Careers	Student Affairs	Tuudo - the Arcada app
Campus	Study start and Introduction Days	Materials Processing Technology	Registration for the academic year and right to study	IT support	Your Arcada e-mail
The UAS' organisation	When at Arcada	Mechanical and Sustainable Engineering	The academic year and important dates	Planning your studies	Arcadas online study environment Itslearning
The ambassador programme at Arcada	International Student Advisor	Nursing	Accreditation and Validation	Writing workshops and language support	LinkedIn Learning - Competence development
Rules and rights		Big Data Analytics (Master)	Itslearning	Student life	File management - Office365
		Business Management and Transformation (Master)	Development studies and optional studies	Career Services	Hub team work - Teams
		Emergency Care Systems Development and Leadership	Language studies	Help with studies	Information retrieval and references
		Healthcare Leadership (Master)	Exchange studies and practical training abroad	Well-being	Writing Guide and Templates
		International Business Management (Master)	Examinations	For international students	Security reports
		Machine Intelligence and Data Science (Master)	Forms		Vocabulary (English-Swedish)
		Media Management (Master)	Degree Thesis		Password change
			Graduation and degree certificate		
			Tuition fees		
			Course descriptions - support for alumni		

What to do when I need help / have a question?

2. If you can not find an answer on Start, please contact the following people / team for help:

Psychologist and Student Social Worker

- Guidance and support in learning, wellbeing, special arrangements, and certificates in case of learning difficulties (e.g. dyslexia, ADHD/ADD), visual, hearing, or mobility impairments. <https://start.arcada.fi/en/study-support/well-being/study-counselling-and-support>

International Student Advisor

- Questions related to living and studying in Finland as an international student. <https://start.arcada.fi/en/study-support/for-international-students>

Study Coordinators at the Student Affairs Office

- Certificates, forms, academic year registration, study benefits, study rights, changes in the student register, and requests for transcripts or diplomas. <https://start.arcada.fi/en/study-support/student-affairs>

Study Coordinators at Sisu Support

- Technical issues and course enrollment in Sisu. <https://start.arcada.fi/en/my-studies/sisu-the-study-system>

Career Counsellors at the Career Centre

- Future plans/career choices, internships, jobs. <https://start.arcada.fi/en/study-support/career-services>

Librarian and Information Specialists

- Finding course literature, citing sources. <https://start.arcada.fi/en/study-support/library-information-retrieval-and-course-books>

IT Support

- Questions or problems related to online tools. <https://start.arcada.fi/en/study-support/it-support>

International Coordinators

- Exchange studies, practical training abroad. <https://start.arcada.fi/en/my-studies/exchange-studies-and-practical-training-abroad>

Program Director

- Development studies, practical training, thesis supervision. <https://start.arcada.fi/en/programmes/mechanical-and-sustainable-engineering>

When to contact your Study Counsellor?

- **If you have study related questions that include planning of studies at Arcada**
 - If you want to study in a faster pace and need an individual study plan
 - If you have fallen behind in your studies and need an individual study plan
 - Questions related to accreditation of previously gained degrees at a university level
- If you can not find an answer on [Start](#) and you do not know who to contact even after you have read through the list from the last slide.

Study counsellor

- Sofie Sundström
- Programs:
 - Energi- och miljöteknik
 - Materialteknik och hållbarhet
 - Mechanical and Sustainable Engineering
 - Socionom (dag)
- Phone: 0294 282 651
- Email: sofie.j.sundstrom@arcada.fi

Application for accreditation or validation

General Principals:

- Only studies/competences that are required for the degree can be accredited.
- Important to apply for accreditation/validation of competences before you begin your studies
- Studies completed more than 10 years ago must be validated.
- Start the process by contacting your study counsellor with your transcript of record.

SISU - Arcada's student information system

- Log in to SISU through Start (Tools and services -> Sisu) or go to sisu.arcada.fi

Tools and Services

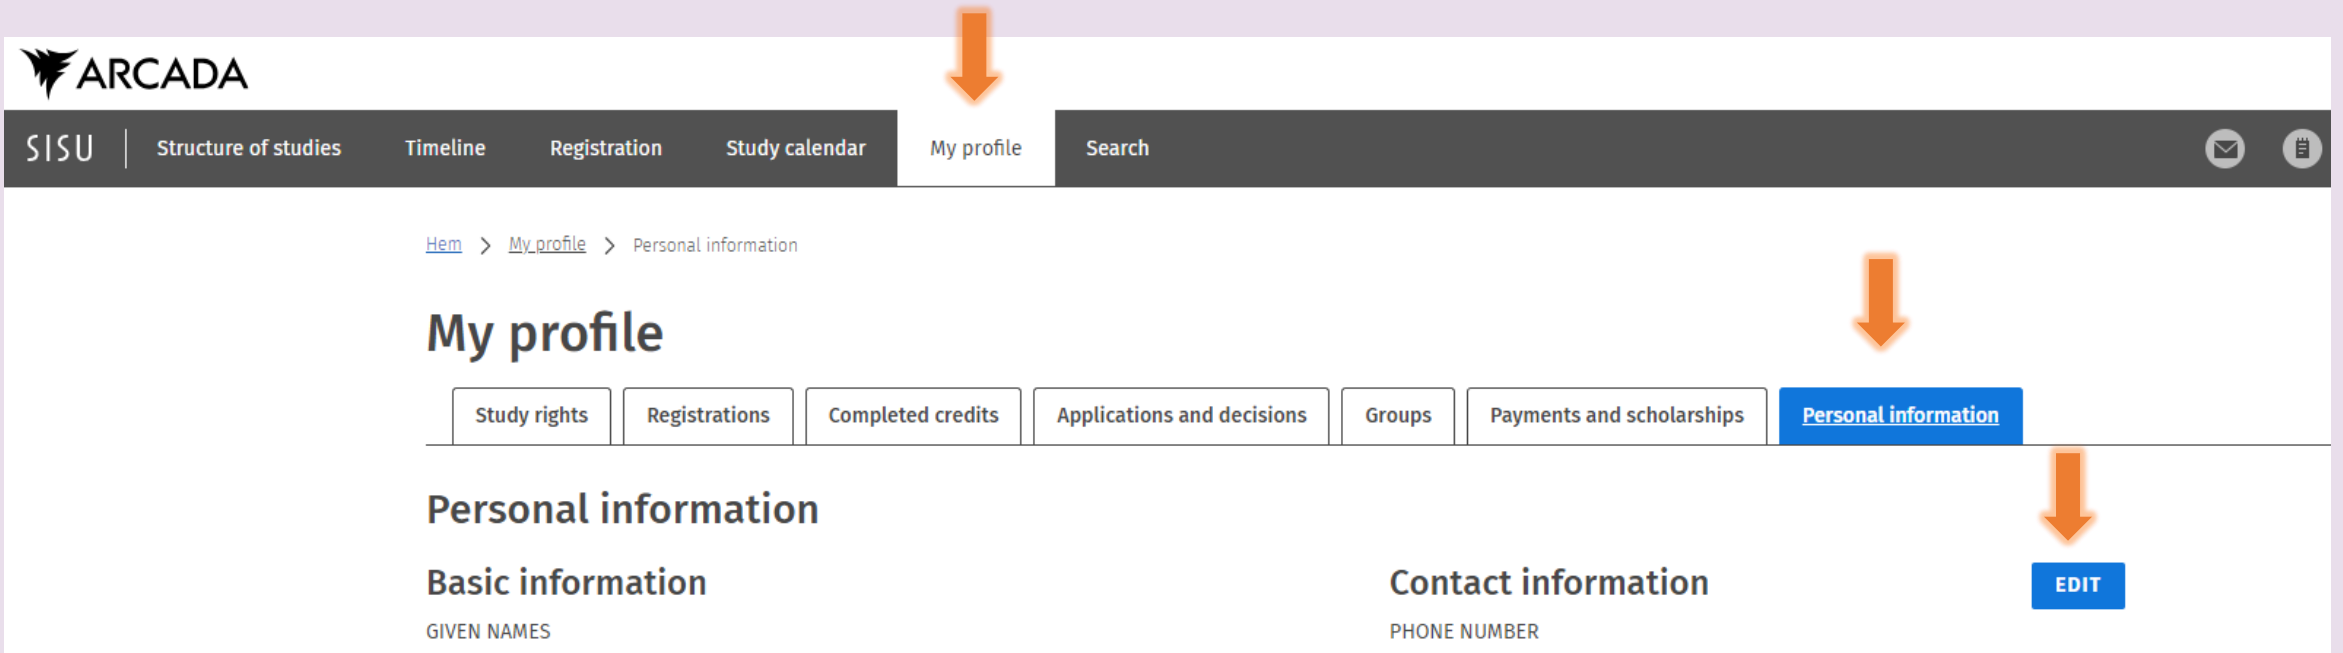

Sisu - student information system

Tuudo - the Arcada app

Contact information

- Go to **My profile - Personal information - Edit**

The screenshot shows the ARCADA web interface. At the top, the ARCADA logo is on the left, and a navigation bar contains links for SISU, Structure of studies, Timeline, Registration, Study calendar, My profile, and Search. An orange arrow points to the 'My profile' link. Below the navigation bar, a breadcrumb trail reads 'Hem > My profile > Personal information'. The 'My profile' section has a horizontal menu with tabs: Study rights, Registrations, Completed credits, Applications and decisions, Groups, Payments and scholarships, and Personal information. An orange arrow points to the 'Personal information' tab. Below this, the 'Personal information' section is divided into 'Basic information' (with the label 'GIVEN NAMES') and 'Contact information' (with the label 'PHONE NUMBER'). An orange arrow points to a blue 'EDIT' button located to the right of the 'Contact information' section.

How to see when your courses are running in Sisu?

1. Go to **Timeline**
2. Check that your **study plan** is chosen in the field
3. Click on **"Schedule courses with a timing template"**

The screenshot shows the Sisu Timeline page. At the top, there is a navigation bar with links: Timeline, Registration, Study calendar, My profile, and Search. The 'Timeline' link is highlighted. Below the navigation bar, the page title 'Timeline' is displayed. A description states: 'Plan and view the overall picture of your studies on the timeline. Schedule your courses and view the placement of completed courses on the timeline. Select the study plan for which you want to view and edit the overall picture.'

Under the 'STUDY PLAN' section, a dropdown menu is shown with the selected option 'My study plan 2026 (Primary plan)'. To the right, details for the 'PRIMARY PLAN' are listed: 'Education: Mechanical and Sustainable Engineering (324001, curriculum period: 2026-2027)', 'Created: 11.6.2026', and 'Edited: 11.6.2026'. Below this, the course 'Mechanical and Sustainable Engineering (Ingenjör YH), 240-260 cr' is listed with 'Scheduled credits: 0' and 'Completed credits: 0'.

The 'Study plan timeline' section contains the instruction: 'Schedule unfinished courses of the study plan on the timeline. You can edit and remove the courses periodically on the timeline. The timeline also shows completed credits.'

At the bottom, there are three buttons: 'SCHEDULE COURSES WITH A TIMING TEMPLATE' (highlighted with a yellow box), 'SCHEDULE A COURSE', and 'REMOVE ALL SCHEDULED COURSES'. To the right of these buttons, there are two checkboxes: 'Show empty summer periods on the timeline' and 'Show past semesters on timeline'.

Select the right Timing template & click on Schedule

VIEW OF YOUR STUDIES ON THE TIMELINE. Schedule your courses and view the placement of completed courses on the timeline.

Schedule courses using a timing template

Schedule courses on the timeline using the timing template.

- The timing template will schedule the unscheduled **required** courses in your study plan in the periods planned for them.
- Schedule the unscheduled **optional** courses in your study plan on the timeline by using the Schedule courses function. Use this function also if there is no timing template.

4 Scroll down and choose "CONFIRM"

5 You are now registered.

You can later find your registrations under "Registration" and "registration processed"

Now you can register to the other courses yourself (more info coming up regarding #8-9)

1. **AS-1-044 Technology and Learning** ✓
2. GT-2-013 Engineering Chemistry
3. GT-2-024 Introduction to programming and automation
4. AS-1-045 Teamwork and Innovation
5. PM-2-026 Linear Algebra
6. PM-2-030 Technical Drawing
7. (GT-3-005 Introduction to engineering mathematics - optional)
8. MSE-INFO General information - Mechanical and Sustainable Engineering (Implementation: MSE26)
9. Math clinic (optional)

Always choose the courses where you see the code for your own program; “MSE” (If you cannot find “MSE”, look for “engineers”)

Finnish for Beginners - (optional!)

- Belongs to a module from the Optional Development Studies.
- Foreign students can study Finnish for Beginners 1, 2 and 3 during the first year.
- Finnish for Beginners 1, runs in period 1. You can sign up for this course in the same way you did with the other ones.
- More information about language studies on Thursday.

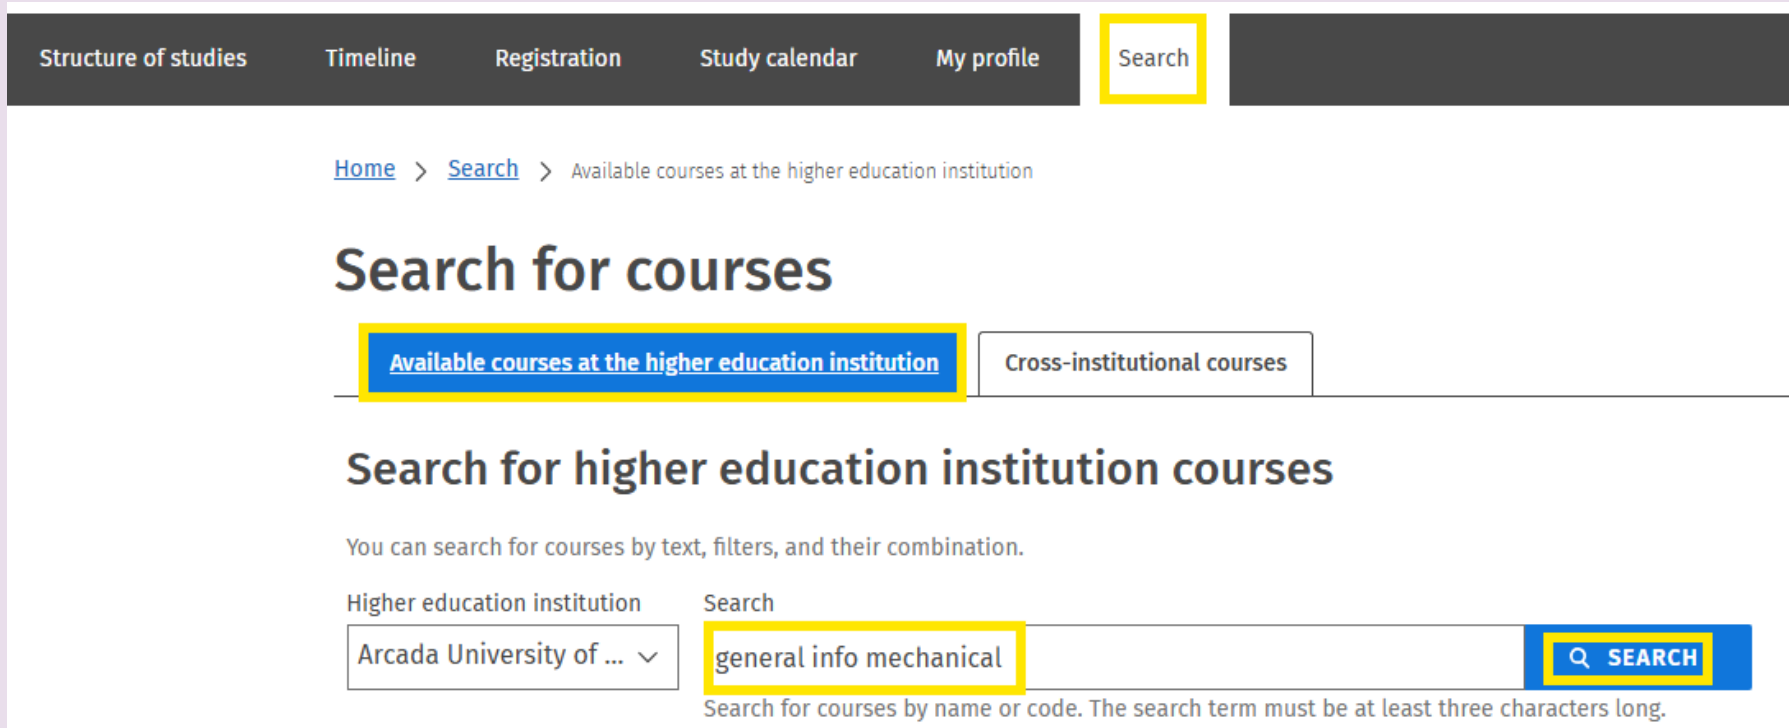

How to register?

1. Go to "**Registartion**"
2. Click on "**Select a course implementation**" to the course you want to register to
3. Choose the right implementation for your program (MSE or ING) and click on "**Confirm**"
4. Click on "**Go to registration**" in the next window
5. Scroll down to the end of the page in the new window and choose "**Confirm**"

Go to step 1 and start over with a new process for the next course.

How to find the study unit "General information MSE" and enroll to the right implementation

1. Click on "Seach" at the banner in Sisu and check that "Available courses at the higher education institution" is marked. Type "General info mechanical" and click on "Search":

The screenshot shows the Sisu search interface. At the top, a dark navigation bar contains links: "Structure of studies", "Timeline", "Registration", "Study calendar", "My profile", and "Search" (highlighted with a yellow box). Below this, a breadcrumb trail reads "Home > Search > Available courses at the higher education institution". The main heading is "Search for courses". Below it, two tabs are visible: "Available courses at the higher education institution" (highlighted with a yellow box) and "Cross-institutional courses". The section is titled "Search for higher education institution courses". A subtext says "You can search for courses by text, filters, and their combination." There are two input fields: "Higher education institution" with a dropdown menu showing "Arcada University of ..." and "Search" with the text "general info mechanical" (highlighted with a yellow box). A blue "SEARCH" button with a magnifying glass icon is to the right of the search field. At the bottom, a note states: "Search for courses by name or code. The search term must be at least three characters long."

How to find the study unit "General information MSE" and enroll to the right implementation

2. One search result will show up. Click on the blue name of the course "**General information - Mechanical and Sustainable Engineering (0 cr)**", which has the course code MSE-INFO:
